ONCOLOGY CONFERENCE

Thursday 19th March 2020
Alderley Park Conference Centre

The prevention of cancer and development of more effective strategies to detect precursors and early-stage cancers, when treatment may be most effective, remain critical societal goals.

The 2020 Bionow Oncology Conference will present the problems that we face with prevention and early diagnosis and discuss the latest advances to address these challenges and translate the science into better care for the cancer patient. In addition to leading experts we will also hear about this challenge from the patient's perspective.

Cancer is always a complex question and there are no simple answers which is why it's important to hear from those at the cutting edge of developments.

Delegate Fees

Premium Member: £99.00

Member: £175.00

Non-Member: £275.00

Register at www.bionow.co.uk/event
