

Powering the Future of STEM

SRG

Our Services

INTRODUCTION

We are industry leaders in STEM Recruitment and the largest Life Science recruitment agency in the UK.

With over 30 years of experience serving the STEM industries, we understand what job seekers and employers are looking to achieve, and what they need to get there.

Our industry experts draw on their own technical and scientific backgrounds as they partner with businesses across the life science, clinical and engineering sectors to create impactful staffing and recruiting solutions for any STEM job, in any business.

32 + Years of Industry Experience

3,350 Placements Per Year

OUR CORE INDUSTRIES

We specialise in STEM roles across the following industries:

- **Biotechnology**
- **Chemicals**
- **Food, Drink & FMCG**
- **Healthcare**
- **Information Technology**
- **Medical Technology**
- **Pharmaceuticals**
- **Renewables**

OUR SERVICES

At SRG, we provide the technical expertise you need to ensure hiring success in any role – for all levels of experience, no matter how niche.

We adapt, flex and collaborate with our partners across STEM to create powerful recruitment solutions that help people, and businesses unlock their full potential. Whether temporary, contract or permanent, part-time, or full-time, no project or role is too big or small.

OUR SERVICES

Tailored recruitment packages help to streamline our clients workforce management, increase efficiency, improve candidate experience, and meet strategic objectives.

01

TEMPORARY AND PERMANENT RECRUITMENT

Our Global and Regional Specialist Staffing businesses leverage our deep heritage, sector expertise and extensive candidate networks to find fulfilled, engaged workers for our customers.

02

MSP AND CONTINGENT WORKFORCE SOLUTIONS

Agile and technology-enabled MSP and Contingent Workforce solutions designed to help businesses manage their vital non-employee talent, while maximising compliance and efficiency.

03

RPO AND PERMANENT WORKFORCE SOLUTIONS

The world's leading organisations trust SRG to manage the acquisition and onboarding of their permanent talent, at scale, via our bespoke and highly-flexible RPO solutions.

04

EXECUTIVE SEARCH

We are a leading executive recruitment service connecting you with the best middle and senior technical heads and managers in STEM fields. Our tailored recruitment approach focuses on actively searching for specialised mid-to-senior level scientific professionals, guaranteeing you hire the best talent in the market.

OUR SERVICES

05

STATEMENT OF WORK

Expert teams deliver forward-thinking solutions to Statement of Work (SOW), Services Procurement and Consultancy Spend challenges - all in a competitively-priced, open, trustworthy, data-driven and strategic way.

06

EARLY TALENT

We're dedicated to helping you find and nurture emerging talent, adding value to your strategy for developing your workforce. Our services are easily customised to fit any needs, whether placements are needed in low or high succession.

07

TECHNOLOGY AND STRATEGIC PARTNERSHIPS

We use a wide range of talent acquisition and workforce management technology to meet the unique challenges of our clients, combining proprietary tech with industry leading strategic partnerships.

WHAT SETS US APART?

We exist to enable exciting futures across STEM, where our people and partners thrive to achieve amazing things together.

Our values underpin everything we do and every action we take.

- We love STEM
- We are our authentic selves
- We have been innovating for over 30 years
- We are passionate about giving back
- We support aspirations from bench to boardroom

Our Values

CSR PARTNERSHIPS

We believe in supporting the STEM industry to tackle the skills shortage, creating equal opportunities and access to resources. SRG is a specialist scientific recruitment business, and as part of the Impellam Group, we work closely with our sister brands.

Our initiatives have created a positive impact on the communities we serve. We support various social causes such as education, health, and community development through partnerships with local organisations.

OUR AWARDS

We are proud to be actively involved in our industry, and have multiple accreditations to demonstrate our commitment to excellence. We enter and sponsor awards, while focusing on early talent to make sure that we are supporting the next generation of STEM experts.

We believe that recognising young experts, and talent, in the STEM field is essential to the growth and progress of the industry.
